

Land of Lakes Bowfishing Association is Minnesota's only bowfishing association. The LLBA was formed in 2005 by a group of bowfishers committed to the preservation, promotion and protection of the sport of bowfishing in Minnesota.

Today, we have joined forces with the Minnesota Outdoor Heritage Alliance and Anglers for Habitat to work with the Minnesota Legislature and the DNR to improve bowfishing opportunities and ensure that our sport will be around for future generations.

Since 2005, LLBA members have been working with the MN DNR to legalize night bowfishing. Starting with the 2010 season, statewide night bowfishing is available from May 1st to the last Sunday in February.

The LLBA starts the bowfishing season with a Kids-Day Shoot in Lino Lakes, MN. Members bring their boats and introduce 150+ kids to the great sport of bowfishing.

For people interested in the tournament trail, there are bowfishing tourneys all over the state of MN. The LLBA State Shoot is the largest bowfishing tournament in Minnesota, with both a large sum of prize money and door prizes given away. Each year members vote as to where the LLBA State Shoot will be located.

Over the winter the LLBA has an annual meeting, followed by a hearty buffet-style banquet. New business is discussed; awards are presented; silent auctions and door prizes are given out; and sponsors are on-hand for questions. This is always a well-attended, exciting and informative event.

Some Reasons for Joining LLBA

- Meet new people who share your interest in bowfishing.
- Receive up-to-date information related to the sport.
- Talk with others from beginners to professionals; get answers about boat rigs, lighting, generators, bows, arrows or other equipment.
- Family involvement. One Membership includes spouse and all children under 18.
- Compete in bowfishing tournaments throughout the state.
- Political assistance in the law making process.
